Dear [REDACTED]

In accordance with the instructions contained in your letter of September 23rd, we have prepared Dwg. No. HO-61, Type "H" Dwelling, transmitted under separate cover. This drawing eliminates the dinette and door No. 4-9 as shown for the Type "C" Dwelling and changes the location of the closet from the living room to the dining area.

We have also shown Alternate No. 1, which we believe will be more satisfactory to you than an exact interpretation of your instructions. Alternate No. 1 retains Door No. D-9, while relocating it so that occupants of the living room will not have an unobstructed view into the kitchen.

If the scope of the work is reduced as shown in our Drawing HO-61, the reduction in cost will be \$135 per dwelling. If Alternate No. 1 is desired, the reduction in cost will be \$110 per dwelling.

A copy of this letter and a print of Dwg. No. HO-61 are being transmitted to our New York office for their information in negotiating with Washington headquarters [REDACTED]
